NOTIFICATION OF FUNDING DECISIONS

The Tebughna Foundation's Education Committee makes award selections, all decisions made by the Foundation are final. Funded students are sent an award letter that contains the award terms and the responsibilities of the recipient, no awards are released over the phone. It is essential that award recipients read and understand the terms of their financial aid.

PROBATION PERIOD/INFRACTION POLICY

General Scholarship recipients who do not maintain the Terms of Funding eligibility requirements during the academic term may be in a probation or infraction situation. Details are communicated in writing for any student in these situations.

The first time a student does not maintain the eligibility requirements; he/she will be placed on probation. Students on probation are eligible to receive one (1) probationary term of scholarship or grant funding (defined by TF as the period between the June 1 and December 1 deadlines for scholarships and as the vocational training grant period for vocational training grants). During the probationary term, a student has the opportunity to improve their academic performance to reinstate their eligibility for funding.

A student who does not successfully maintain the eligibility requirements at the end of the probationary period will be in an Infraction Status. Students on Infraction Status are ineligible to receive funding for one (1) term (as defined above), and will sit out for one deadline from the date determined by TF. Infraction status determination is made after reviewing official transcripts; therefore, timely submission of transcripts is required.

ENROLLMENT POLICY

Award recipients are required to complete all courses and credits for which they are funded and maintain a cumulative GPA of 2.0 or higher on a 4.0 scale. In general, enrollment changes that are made within the add/drop period at your institution are permissible. However, schedule changes made after the add/drop period that reduce the overall credit load may result in probation. There is no penalty for completing more credits or classes than those listed on your application. Students in a probationary situation could result in a lower scholarship amount.

DISBURSEMENT OF FUNDS
